Plus 84 more.

Jonathan Franzen's gift for wedding depth and vividness of character with breadth of social vision has never been more dazzlingly evident than in *Crossroads*. It's December 23, 1971, and heavy weather is forecast for Chicago. Russ Hildebrandt, the associate pastor of a liberal suburban church, is on the brink of breaking free of a marriage he finds joyless—unless his wife, Marion, who has her own secret life, beats him to it. Their eldest child, Clem, is coming home from college on fire with moral absolutism, having taken an action that will shatter his father. Clem's sister, Becky, long the social queen of her high-school class, has sharply veered into the counterculture, while their brilliant younger brother Perry, who's been selling drugs to seventh graders, has resolved to be a better person. Each of the Hildebrandts seeks a freedom that each of the others threatens to complicate. Jonathan Franzen's novels are celebrated for their unforgettably vivid characters and for their keen-eyed take on contemporary America. Now, in *Crossroads*, Franzen ventures back into the past and explores the history of two generations. With characteristic humor and complexity, and with even greater warmth, he conjures a world that resonates powerfully with our own. A tour de force of interwoven perspectives and sustained suspense, its action largely unfolding on a single winter day, *Crossroads* is the story of a Midwestern family at a pivotal moment of moral crisis. Jonathan Franzen's gift for melding the small picture and the big picture has never been more dazzlingly evident.

This book explores Marx's theory of the phenomenal forms in relation to critical pedagogy and educational action research, arguing that phenomenal forms pose a pedagogical obstacle to any endeavour that seeks to expand an individual's awareness of the larger social whole.

Introduces the beginning reader to new words while describing the things that happen to a bunny as he gets ready for the day.

In the first biography in English of the great Argentinian tango singer Carlos Gardel (1890-1935), Collier traces his rise from very modest beginnings to become the first genuine "superstar" of twentieth-century Latin America. In his late teens, Gardel won local fame in the barrios of Buenos Aires singing in cafes and political clubs. By the 1920s, after he switched to tango singing, the songs he wrote and sang enjoyed instant popularity and have become classics of the genre. He began making movies in the 1930s, quickly establishing himself as the most

popular star of the Spanish-language cinema, and at the time of his death Paramount was planning to launch his Hollywood career. Collier's biography focuses on Gardel's artistic career and achievements but also sets his life story within the context of the tango tradition, of early twentieth-century Argentina, and of the history of popular entertainment.

In *Voice of the Leopard: African Secret Societies and Cuba*, Ivor L. Miller shows how African migrants and their political fraternities played a formative role in the history of Cuba. During the eighteenth and nineteenth centuries, no large kingdoms controlled Nigeria and Cameroon's multilingual Cross River basin. Instead, each settlement had its own lodge of the initiation society called Ékpè, or "leopard," which was the highest indigenous authority. Ékpè lodges ruled local communities while also managing regional and long-distance trade. Cross River Africans, enslaved and forcibly brought to colonial Cuba, reorganized their Ékpè clubs covertly in Havana and Matanzas into a mutual-aid society called Abakuá, which became foundational to Cuba's urban life and music. Miller's extensive fieldwork in Cuba and West Africa documents ritual languages and practices that survived the Middle Passage and evolved into a unifying charter for transplanted slaves and their successors. To gain deeper understanding of the material, Miller underwent Ékpè initiation rites in Nigeria after ten years' collaboration with Abakuá initiates in Cuba and the United States. He argues that Cuban music, art, and even politics rely on complexities of these African-inspired codes of conduct and leadership. *Voice of the Leopard* is an unprecedented tracing of an African title-society to its Caribbean incarnation, which has deeply influenced Cuba's creative energy and popular consciousness.
