Two hundred years ago we both had a common goal – a purpose that drove us – and that was waiting for the return of Kiera Hudson to this new world we had been pushed into. We wanted to fuck with her like she had fucked with us in The Hollows. Me and Bishop had both wanted to make her and her friends suffer and watch each of them in turn die. But I felt differently now. Not about her friends ...

We pick up right where *Dead Push* leaves us and Potter is facing off with The Photographer who has just killed the other Kiera. Potter glanced up at me, my face still hidden by the hood. "You shot her!" he screamed.

:-) Tim O'Rourke has done a whopper of a job with Dead Push, the eagerly awaited book 7 in the Kiera Hudson series 2. The book gives us more insight into series 2 and the 'pushed' world. loved the side of jack and the development of the characters. Thoroughly enjoyed this little gem! I'd rate it 10 stars if allowed. :-)

Dead Lost is the eighth in this second Kiera Hudson series, and at this point, it really cannot be read without having read all the others. O'Rourke creates such an intricate web, and the idea of the pushed world, especially with the revelation of the photographer, has become so much more complicated that readers jumping in at this point without an anchor in the texts would be dually lost.
