An ethical dilemma is a
conflict between
alternatives, where
choosing any of them

Ethical issues happen when choices need to be made, the answers may not be clear and the options are not ideal.

The result could be declines in the quality of patient care;

problematic clinical relationships; and moral distress, which is defined as knowing the right thing to do but not being allowed or able to

The ethical issues in end-of-life care are enormous. The problem comes when difficult decisions are on the table. Healthcare workers should take a step to discuss the desires of patients for end-of-life care. There should be advance directives of patients before their condition gets worse, and they
