Increasingly, this sort of technical quibbling is what passes for "action" in Formula 1, but back in 1968, as Grand Prix: The Killer Years revealed, F1 had more pressing issues on its mind. Grand Prix racing had always been dangerous, but this was the year when the bleak drumbeat of racing fatalities reached a hideous crescendo.

The seminal film 'Grand Prix the Killer Years', a shocking insight into when Grand Prix was out of control, has been released as a book. John Matthews, the co-director and producer of the original film and editor of the book says 'when we made 'Killer Years', most of the amazing interviews had to be left out, which I found very frustrating.

‘Sobering, shocking’ - Daily Telegraph ‘Tragic, brilliant’ - Autosport ‘Terrific’ - Guardian ‘Brilliant, dramatic, unmissable’ - Daily Express ‘Illuminating and moving’ - Observer This is the story of Formula One’s killer years when the sport was out of control. In the 1960s and early 1970s mechanical failure, lethal track design, fire and incompetence led to dozens of brave young drivers losing their lives, with the grizzly spectacle often televised for millions to see. With boycotts of the prestigious Belgian and German Grands Prix, drivers fought to get their voices heard but it would be a long and painful time before conditions changed. Featuring many famous drivers, including three World Champions - Emerson Fittipaldi, Sir Jackie Stewart and John Surtees OBE - renowned filmmaker John L Matthews goes to the heart of those deadly years and tells the story in the words of the men who were there in a collection of compelling, illuminating and deeply moving extended interviews from the critically acclaimed BBC film.

Photographs and explanatory notes document America's intervention in Vietnam, examining the destruction of the Vietnamese people and their environment. In THE LIMIT, Michael Cannell tells the enthralling story of Phil Hill-a lowly California mechanic who would become the first American-born driver to win the Grand Prix-and, on the fiftieth anniversary of his triumph, brings to life a vanished world of glamour, valor, and daring. With the pacing and vivid description of a novel, THE LIMIT charts the journey that brought Hill from dusty California lots racing midget cars into the ranks of a singular breed of men, competing with daredevils for glory on Grand Prix tracks across Europe. Facing death at every turn, these men rounded circuits at well over 150 mph in an era before seat belts or roll bars-an era when drivers were "crushed, burned, and beheaded with unnerving regularity." From the stink of grease-smothered pits to the long anxious nights in lonely European hotels, from the tense camaraderie of teammates to the trembling suspense of photo finishes, THE LIMIT captures the 1961 season that would mark the high point of Hill's career. It brings readers up close to the remarkable men who surrounded Hill on the circuit-men like Hill's teammate and rival, the soigné and cool-headed German count Wolfgang Von Trips (nicknamed "Count Von Crash"), and Enzo Ferrari, the reclusive and monomaniacal padrone of the Ferrari racing empire. Race by race, THE LIMIT carries readers to its riveting and startling climax-the final contest that would decide it all, one of the deadliest in Grand Prix history.

Sir Jackie Stewart is one of the most highly regarded names in global sport - winner of three F1 World Championships, 27 Grands Prix and ranked in the top five drivers of all time. On retiring from the circuit, he went on to build an equally impressive international business career. In the 1960s and into the 70s, with his black cap, sideburns and aviator shades Jackie Stewart was an unmistakable icon in a glorious era of style, glamour and speed. On the track, his story is one of drama, excitement, tragedy, controversy, celebrity, danger and massive success. Beyond the sport his life is a compelling tale of battling against the odds and achieving world-wide recognition as an outstanding sportsman, a role model and a highly accomplished and respected businessman.

The Maserati 250F raced against Ferrari, Mercedes-Benz and Vanwall for Grand Prix supremacy during the 2500cc Grand Prix Formula years of '54-'60. Period photographs, including contributions from Tom March, are presented, along with engine cutaways, drawings, technical descriptions, and the chassis and race numbers of every 250F to have competed during this period. Stories from leading drivers who raced the 250F, including Sir Stirling Moss, Juan Fangio, and Mike Hawthorn, along with Anthony Pritchard's lively text, helps bring the racing story of this iconic model back to life.

The number of athletes who have died competing in the sport of motor racing, including amateurs and professionals around the world, stretches into the thousands. Despite the danger, drivers continue to compete day in and day out for the thrill and joy of the race. In Taken by Speed: Fallen Heroes of Motor Sport and Their Legacies, Connie Ann Kirk pays tribute to professional racing drivers who died while competing in the sport they loved. Covering tragedies from 1955 to the present, Kirk carefully reflects on the legacies of the racers and the impact of the tragic events, including on safety regulations, innovations, and on society as a whole. Drivers and incidents covered in this book include the 24 Heures du Mans race of 1955 where over 80 people died; the 1964 crash at the Indianapolis 500 that stopped the race for the first time in history; and the tragic losses of racers Ayrton Senna, Dale Earnhardt, Alberto Ascari, Jim Clark, Bruce McLaren, Gilles Villeneuve, Francois Cevert, Dan Wheldon, Justin Wilson, and Jules Bianchi. Taken by Speed features exclusive interviews with legends of motor sport—Mario Andretti, Derek Bell, Sir Stirling Moss, Bobby Rahal, Brian Redman, and Sir Jackie Stewart—who raced in the sport's most dangerous era. It also includes timelines of safety improvements in the sport and key moments in motor sport history. Using motor sports as its lens, this book explores moving stories of what it means to pursue a life’s passion with unwavering drive, commitment, and courage.

In the years since Sid Watkins' first bestselling book of Formula One memoirs, Life at the Limit, was published the sport has seen enormous changes. The FIA's President, Max Mosley, has launched a zero option policy with the goal of zero mortality and much research and development has gone into technical changes to the cars, circuit design, safety barrier development and personal protection in the cockpit. The Prof has been intimately involved with this work, and discusses it in detail here, but as he knows only too well, uncertainty and unpredictability provide the thrills both the fans and the drivers crave. In Beyond the Limit, Watkins also looks at some of the extraordinary Grands Prix the sport has seen in the last four years, including Schumacher's epic crash at Silverstone in 1999. He also looks back over his twenty or more years in the sport and discusses some of the great drivers he has known. Here, too, is a race-by-race account of the Millenium season offering a completely up-to-date picture of Formula One at the beginning of the 21st century. Now a Netflix film starring Tom Holland and Robert Pattinson A dark and riveting vision of 1960s America that delivers literary excitement in the highest degree. In The Devil All the Time, Donald Ray Pollock has written a novel that marries the twisted intensity of Oliver Stone’s Natural Born Killers with the religious and Gothic overtones of Flannery O’Connor at her most haunting. Set in rural southern Ohio and West Virginia, The Devil All the Time follows a cast of compelling and bizarre characters from the end of World War II to the 1960s. There’s Willard Russell, tormented veteran of the carnage in the South Pacific, who can’t save his beautiful wife, Charlotte, from an agonizing death by cancer no matter how much sacrificial blood he pours on his “prayer log.” There’s Carl and Sandy Henderson, a husband-and-wife team of serial killers, who troll America’s highways searching for suitable models to photograph and exterminate. There’s the spider-handling preacher Roy and his crippled virtuoso-guitar-playing sidekick, Theodore, running from the law. And caught in the middle of all this is Arvin Eugene Russell, Willard and Charlotte’s orphaned son, who grows up to be a good but also violent man in his own right. Donald Ray Pollock braids his plotlines into a taut narrative that will leave readers astonished and deeply moved. With his first novel, he proves himself a master storyteller in the grittiest and most uncompromising American grain.

The hugely entertaining, and extremely candid, autobiography of one of the most colourful characters in motor sport Eddie Jordan gave Michael Schumacher his first drive, and helped groom a whole series of drivers early in their careers, including Damon Hill and Martin Brundle. But he funded his first move into motor sport by selling smoked salmon well past its sell-by date to rugby fans leaving Lansdowne Road; when stopped for speeding by a policeman, he ended up selling him his car. Jordan set up his own team, and moved into Formula One at the end of the 1980s. It wasn't long before the team began to pick up podium finishes, and in 1998 won its first race - a remarkable achievement on a comparatively small budget. The following year was even better, but sadly this was to be the peak, as the search for more finance and legal battles with sponsors hit hard. Eventually, in January 2005 he sold the team. AN INDEPENDENT MAN goes behind the scenes to reveal the true personalities of the drivers Jordan worked with, and his battles with Bernie Ecclestone. It shows how, when so much money is involved, nothing is ever simple. His has been a life lived to the full, and his account is packed full of superb stories, colourful adventures and revealing tales.
