[mechanical engineering reference manual for the pe exam ...](#)

This is an excellent reference manual, not just for taking the PE, but also for work. The book contains just enough information to get you started on a topic and perform most calculations/analysis. I was amazed that it even contained topics on management that I have been covering in my MBA classes. This was all I needed for taking the PE.

[mechanical engineering reference manual for the pe exam ...](#)

Lindeburg has done a great job at pulling together everything you'll see on the PE Mechanical exam. The format of the 12th edition is better than the 11th. The 11th included extra problems at the end of each chapter. Though this is helpful for studying, it clutters up the book and adds extra pages to thumb through during the exam.
