A special artist's edition of the hugely bestselling Lost Ocean with 24 illustrations from the original book, ready to color and frame. From the artist who launched a global adult coloring trend comes this special artist's edition of the bestselling coloring book Lost Ocean. This collection features 24 of the most popular illustrations from the book, presented single-sided on extra thick cardstock in a large-scale format, easy to remove and ideal for framing, display, or art projects.

"A Penguin original coloring book"--Back cover.

Explore the ancient and enduring spirit of the Jewish tradition with this exquisite coloring book for adults. Jewish artist Adam Rhine has created intricate Judaic motifs such as Magen Davids, menorahs, and Hebrew calligraphy for you to bring to vivid life with the colors of your choice. Each illustration is paired with verses from the Torah, Psalms, and the Prophets that enlighten the reader and encourage further study into the meanings of the carefully selected themes.

Illustrations portray people from every class of society, from farmers to courtiers.

From an adventurous and discerning new voice reminiscent of Robert Macfarlane, a captivating portrait of a community eking out its living in a coastal landscape as stark and storied as it is beautiful. Before arriving in Newlyn, a Cornish fishing village at the end of the railway line, Lamorna Ash was told that no fisherman would want a girl joining an expedition. Weeks later, the only female on board a trawler called the Filadelfia, she is heading out to sea with the dome of the sky above and the black waves below. Newlyn is a town of dramatic cliffs, crashing tides, and hardcore career fishermen-complex and difficult heroes who slowly open up to Ash about their lives and frustrations, first in the condensed space of the boat, and then in the rough pubs ashore. Determined to know the community on its own terms, Ash lodges in a spare room by the harbor and lets the village wash over her in all of its clamoring unruliness, thumping machinery, and tangled nets-its history, dialect, and centuries-old industry. Moving between Ash's surprising, transformational journey aboard the Filadelfia and her astute observations of Newlyn's landscape and people, Dark, Salt, Clear is an assured work of indelible characters and a multilayered travelogue through a landscape both lovely and merciless. Ash's adventurous glint, her delicate observations, and her willingness to get under the skin of a place call to mind the work of Annie Dillard, Barry Lopez, and Robert Macfarlane. This is an evocative journey and a fiercely auspicious debut.

Alex and Conner Bailey's world is about to change. When the twins' grandmother gives them a treasured fairy-tale book, they have no idea they're about to enter a land beyond all imagining: the Land of Stories, where fairy tales are real. But as Alex and Conner soon discover, the stories they know so well haven't ended in this magical land - Goldilocks is now a wanted fugitive, Red Riding Hood has her own kingdom, and Queen Cinderella is about to become a mother! The twins know they must get back home somehow. But with the legendary Evil Queen hot on their trail, will they ever find the way? The Land of Stories: The Wishing Spell brings readers on a thrilling quest filled with magic spells, laugh-out-loud humour and page-turning adventure.

"A 22-volume, highly illustrated, A-Z general encyclopedia for all ages, featuring sections on how to use World Book, other research aids, pronunciation key, a student guide to better writing, speaking, and research skills, and comprehensive index"--

A one-of-a-kind blend of art, nature, and conservation, The Underwater Museum re-creates an awe-inspiring dive into the dazzling under-ocean sculpture parks of artist Jason deCaires Taylor. Taylor casts his life-size statues from a special kind of cement that facilitates reef growth, and sinks them to the ocean floor. There, over time, the artworks attract corals, algae, and fish, and evolve into beautiful and surreal installations that are also living reefs. This volume brings readers face to face with these wonders and explains the science behind their creation. Ocean enthusiasts, divers, art lovers, and anyone entranced by the natural world will be instantly engrossed by this pearl of a book.
