LUCRETIVS ON THE NATURE OF THINGS - Liberty Fund

On The Nature of Things is sweeping in scope and detail, but in the end it is essentially a presentation of the Epicurean method for answering the most common and troubling questions about the nature of life and of the universe. Lucretius develops his argument in great detail, but gives minimal introduction to the method of his approach.

First published Wed Aug 4, 2004; substantive revision Wed Oct 17, 2018. Titus Lucretius Carus (died mid to late 50s BCE) was an Epicurean poet of the late Roman republican era. His six-book Latin hexameter poem De rerum natura (DRN for short), variously translated On the nature of things and On the nature of the universe, survives virtually intact, although it is disputed whether he lived to put the finishing touches to it.

Lucretius (Stanford Encyclopedia of Philosophy)

Lucretius (c. 99—c. 55 B.C.E.) Lucretius (Titus Lucretius Carus) was a Roman poet and the author of the philosophical epic De Rerum Natura (On the Nature of the Universe), a comprehensive exposition of the Epicurean world-view. Very little is known of the poet's life, though a sense of his character and personality emerges vividly from his poem.
