(except maybe Vertigo, which would be kind of awesome).. 2. Do not name your child after expensive status symbols, whether you can afford them or not, lest you look like a pretentious toolbag (I actually know people with these names so will refrain from specific examples).

~~16 Rules For Naming Your Child | Thought Catalog~~

General Rules for Creating Binomial Names Binomial names consist of two parts, the genus and the species which are always written in modern Latin. Either the genus and/or species name can be derived from words in any language. When referring to the name of a species of organism, the genus and species names are both used.
