Guidelines are like cheat sheets. Try it this way with guides: Use a ruler and put a (very slight!) horizontal line of 6 cm (or 6 inches). Put a dash at 3 cm (or 3 inches) and draw a vertical line with 3 cm (or 3 inches) above and below the horizontal. Now you just have the outermost points of your lines to draw a small bulge.

As their place, we draw them right above the eyes, the line resting there is our guideline.

They can go a bit further than the eyes, but the starting point is the same. Usually, I start from inside the face, I feel that it 's easier to go from there. We draw an arched line, turn it around and we close our shape where
