How to restore trust within your family by overcoming the destructive power of secrets.

This fascinating book by Rebecca Linder Hintze powerfully and effectively communicates a key, and sometimes overlooked, piece of the puzzle relating to family dynamics. For example, have you ever wondered why some families reach a ceiling on their earning potential, struggle to have happy marriages, or have such difficult interactions with their siblings and parents? Perhaps your family has a history of sabotaging careers or thwarting their love relationships? Healing Your Family History explains that most of our individual issues originate from family blocks. As you read this book, you ' ll come to understand how family belief systems store inside you and prevent individual growth by locking you into thought processes that hold you back. All families have these nonverbal belief systems, and unless you understand and heal your inherent blocks, it may be difficult to love others, move forward, and get what you want in life. Most people have a family . . . and we all have a reason to heal our related challenges—after all, tribal issues sit at the core of world turmoil. Those who are truly ready to heal their family dysfunction will benefit immensely from this book!

Founder of The Boston Beer Company, brewer of Samuel Adams Boston Lager, and a key catalyst of the American craft beer revolution, Jim Koch offers his unique perspective when it comes to business, beer, and turning your passion into a successful company or career. In 1984, it looked like an unwinnable David and Goliath struggle: one guy against the mammoth American beer industry. When others scoffed at Jim Koch ' s plan to leave his consulting job and start a brewery that would challenge American palates, he chose a nineteenth-century family recipe and launched Samuel Adams. Now one of America ' s leading craft breweries, Samuel Adams has redefined the way Americans think about beer and helped spur a craft beer revolution. In Quench Your Own Thirst, Koch offers unprecedented insights into the whirlwind ride from scrappy start-up to thriving public company. His innovative business model and refreshingly frank stories offer counterintuitive lessons that you can apply to business and to life. Koch covers everything from finding your own Yoda to his theory on how a piece of string can teach you the most important lesson you ' ll ever learn about business. He also has surprising advice on sales, marketing, hiring, and company culture. Koch ' s anecdotes, quirky musings, and bits of wisdom go far beyond brewing. A fun, engaging guide for building a career or launching a successful business based on your passions, Quench Your Own Thirst is the key to the ultimate dream: being successful while doing what you love.

This novel is just a figment of my imagination and does not depict the views of my personal opinion. In memory of the dearly departed, I would like to bow my head in a moment of silence for all the fallen soldiers who didn't get a chance to see life for the way it was meant to be viewed. For our predecessors who've been misguiding our young minds of the ghettos for far too long. For those who helped to prevent prosperity from ever reaching its full potential. For the many demons of their own destruction, who truly believe that genocide is the only way to properly represent their neighborhoods with pride. For the athletic, or intellectual being, who seem -to have missed their true calling for dedicating so much of their lives to the lost cause of gang violence, we say no more! If we don't stand for something, we will eventually start falling for anything. It's time to wake up, and build up to the expectation of our own greatness!If not, the very future of our children, and our children's, children's lives will one day depend on it...

Assumption is a real problem and frequently ignored. Being aware of the negative impact it can have, will allow you to head in the right direction towards making less mistakes and encounter fewer disappointments. In this enlightening book, you will obtain a practical understanding of how to identify and control assumption. You will discover how to eliminate worry, doubt and fear through the principles of the Word of God. Gregory Dollar uses real-life experiences to show you how to overcome superficial and unrealistic expectations and how to communicate effectively, preventing conflict in your personal and business relationships. "You don't have to end up being a victim of assumption. Life is tough enough: each day brings its own challenges. You can make it better by not tolerating assumption to enter your home or workplace." - Gregory Dollar

First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

Answers thirty-nine management questions for family-operated businesses, and tells how to develop the skills necessary to get through crises

Evangelist and author Jason Frenn details five steps accessing Christ's power to break the chains of destructive patterns that afflict generation after generation. Many families suffer from dysfunction and conflict handed down from one generation to the next, and the cycle repeats itself with greater and greater severity. Parents struggle to keep their families from eroding as they helplessly watch their kids, teenagers, and adult children fall into overwhelming patterns of self-destruction. But there is a power that can set these families free and change their future. In this book, readers experience the story of the author and his family, and how he was rescued from destruction. Each reader can find the POWER TO REINVENT YOURSELF and obtain a life of significance, success, and victory!
