tasty treats to the hungry workers on Union Street . . . until one day, Miss Falafel shows up with her baked pita bread and crunchy chickpea fritters--and parks in his space. The next day, Miss Falafel is there again, and this time she's brought Gumbo Jumbo and Annie Arepas with her. Little Taco Truck's headlights dim. What if people like Gumbo Jumbo's spicy stew and Annie Arepas's warm cornbread cakes more than they like his tacos? When more trucks arrive the following day and there's no space left for Little Taco Truck, he swishes his wipers to hide his tears and heads home. At last, with some ingenuity and help from new friends, Little Taco Truck wins back his coveted parking spot. And guess what? There is room enough for everyone! Packed with flavor and savory smells, this irresistible read-aloud about friendship and determination is perfect for even the youngest truck and taco fans.

This course is an introduction to creating and animating cutout characters in Toon Boom Animate. Author Tony Ross shows how to use the Toon Boom toolset to create cutout characters, and explains

how to leverage a few rules of traditional animation to help bring the characters to life. He shows how to create mouth shapes for dialogue, add realistic eye movement, and animate a full cycle. The final chapter shows how to create foreground and backgrounds for your character and export a simple, animated scene.

"In this Learning Toon Boom Harmony Essentials training course, expert author Tony Ross will teach you about the tools and techniques available in this powerful animation software. This course is designed for the absolute beginner, meaning no previous experience with Toon Boom is required. You will start by learning how to use the interface, then jump into learning how to use the shape tools, including the line tool, rectangle, ellipse, and polyline tool. From there, Tony will teach you how to use the drawing and editing tools in Harmony, as well as work with color, work with the timeline and layers, import files, and animate in Toon Boom Harmony. This video tutorial also covers how to rig a cut-out character, including how to rig the arms and legs, paint the character, adjust the layer hierarchy, and set up a master peg. Other topics that are covered include creating a simple walk cycle, animating a lip sync, adding effects to your animations, and working with the camera. Finally, you will learn how to export your scene. Once you have completed this computer based training course, you will have learned how to use the tools available in Toon Boom Harmony to create your own character animations. Working files are included, allowing you to follow along with the author throughout the lessons."--Resource description page.
