As a companion to misfits, [Totally Joe](#) falls a bit behind in the compelling-plot department but it is a great character piece and would be relieving to any middle grade kids struggling with sexuality. Joe is a completely loveable character and it's nice to see a gay character in middle school that has the kind of support everyone deserves.

Joe Bunch breaks down his life—and his secrets—for a school assignment in this second book of the funny, heartfelt, and beloved Misfits series by Bunnica author James Howe. What can I say? I'm a total original. Joe may only be twelve-going-on-thirteen, but he's known who he is from the time he was a little kid tottering around in his mother's high heels. Now in the seventh grade, he wears green high tops with pink trim, has a (secret) boyfriend, and tells it all from A to Z in the alphabiography assigned by his favorite teacher. The thing is, some of it is seriously private. It's one thing for Mr. Daly to read it, but what if it falls into the wrong hands? Will he be

teased forever about those high heels...and even worse, what will happen if his secret boyfriend is no longer a secret?

Kids who get called the worst names oftentimes find each other. That's how it was with us. Skeezie Tookis and Addie Carle and Joe Bunch and me. We call ourselves the Gang of Five, but there are only four of us. We do it to keep people on their toes. Make 'em wonder. Or maybe we do it because we figure that there's one more kid out there who's going to need a gang to be a part of. A misfit, like us. Skeezie, Addie, Joe, and Bobby -- they've been friends forever. They laugh together, have lunch together, and get together once a week at the Candy Kitchen to eat ice cream and talk about important issues. Life isn't always fair, but at least they have each other -- and all they really want to do is survive the seventh grade. That turns out to be more of a challenge than any of them had anticipated. Starting with Addie's refusal to say the Pledge of Allegiance and her insistence on creating a new political party to run for student council, the Gang of Five is in for the ride of their lives. Along the way they will learn about politics and popularity, love and loss, and what it means to be a misfit. After years of getting by, they are given the chance to stand up and be seen -- not as the one-word jokes their classmates have tried to reduce them to, but as the full, complicated human beings they are just beginning to discover they truly are.

Skeezie Tookis navigates a pivotal summer of first crushes and tough choices in this conclusion to the bestselling and acclaimed quartet that began with *The Misfits*. Skeezie Tookis, also known as Elvis, isn't looking forward to this summer in Paintbrush Falls. While his best friends Bobby, Joe, and Addie are off on exciting adventures, he's stuck at home, taking care of his sisters and working five days a week to help out his mom. True, he gets to hang out at the Candy Kitchen with the awesome HellomynameisSteffi, but he also has to contend with Kevin Hennessey's never-ending bullying. And then there's the confusing world of girls, especially hot-and-cold Becca, his maybe-crush. And the dog that he misses terribly. And the dad who left two years before, whom Skeezie is convinced is the cause of all his troubles. In the words of the King, Skeezie Tookis is All Shook Up. Skeezie's got the leather jacket of a tough guy, but a heart of gold--and his story, the fourth and final chapter of the beloved *Misfits* series, is brimming with life's tough choices, love in all directions, and enough sweet potato fries to go around.

Outspoken Addie Carle learns about love, loss, and staying true to herself as she navigates seventh grade, enjoys a visit from her grandmother, fights with her boyfriend, and endures gossip and meanness from her former best friend.

All four of the *Misfits* books, the middle school series that inspired National No Name-Calling Week, are now available in a collectible boxed set. Sticks and stones may break our bones, but names will break our spirit. Welcome to Paintbrush Falls, home of the "Gang of Five"—four best friends whose "fast, funny, tender" (*School Library Journal*) stories are iconic examples of the middle school experience. Join Bobby, Joe, Addie, and Skeezie at the Candy Kitchen in these four special books that have become favorites and classics for their smart, honest portrayal of all the ups and downs of middle school—and of growing up. This boxed set includes *The Misfits*, *Totally Joe*, *Addie on the Inside*, and *Also Known as Elvis*.

"Fully suits newly independent readers." — *Kirkus Reviews* Catina wants to be a famous writer. Houndsley is an excellent cook. Catina thinks Houndsley is a wonder. Houndsley thinks Catina is a very good friend. So what should Houndsley say about Catina's seventy-four-chapter memoir? And can Catina find the right words of comfort for Houndsley after the big cooking

contest fiasco? James Howe's funny and endearing world of ginger tea, no-bean chili, and firefly watching is brought to life in cozy watercolors by Marie-Louise Gay in this tender chapter book about what it means to be friends.

Dear possible reader of this book, I want to be a writer, just like my uncle Harold, who wrote a bunch of books about our friend Bunnacula. So I wrote this story. And boy! Did I ever get into trouble! My friend Delilah stopped speaking to me because I put her in my book. Uncle Harold stopped speaking to me because I didn't put him in my book. A writer's life isn't easy! But back to my story: It's about how a talented and lovable (not to mention smart) wirehaired dachshund puppy named Howie saves the world from a disgusting, evil menace named...oops, that would give away the story. But trust me, this menace is disgusting and evil, all right!!! Your friend, Howie

Twelve-year-old June Farrell is sure of one thing—she's great at making pies—and she plans to prove it by winning a blue ribbon in the Champlain Valley Fair pie competition. But a backlash against Vermont's civil union law threatens her family's security and their business. Even when faced with bullying, June won't give up on winning the blue ribbon; more importantly, she won't give up on her family.

An eighth-grader who dreams of performing in a Broadway musical devises a plan to run away to New York and audition for the role of Elliot in the musical version of E.T.

Harold, Chester, and Howie have a harrowing Halloween night worrying about Bunnacula as well as about a witch who comes into the house.
