Windows 98 For Dummies won't try to turn you into a Windows wizard, but you'll pick up a few chunks of useful computing information while reading it. Instead of becoming a Windows 98 expert, you'll know just enough to get by quickly, cleanly, and with a minimum of pain so that you can move on the more pleasant things in life. This easy-to-understand guide is for those who are yearning to Conquer Windows 98 basics Personalize your PC Send and receive e-mail Get more out of the Web Have fun with audio and video Deal with common problems and aggravations Something in Windows 98 will eventually leave you scratching your head. No other program brings so many buttons, bars, and babble to the screen. When something in Windows 98 has you stumped, use this book as a reference. You won't find any fancy computer jargon in these pages. Instead, you'll find subjects like these, discussed in plain old English: Preparing your computer to run Windows 98 Finding the file you saved yesterday Moving those little windows around on the screen with the mouse Running your favorite old programs under Windows 98 Performing chores in Windows 98 that you used to do in older versions of Windows Figuring out which of the many Windows versions you're using There's nothing to memorize and nothing to learn. Just turn to the right page, read the brief explanation, and get back to work. Unlike other books, this one enables you to bypass any technical hoopla and still get your work done.

Feeling a little overwhelmed by all the hype and hysteria surrounding the release of Microsoft's Windows 98? Looking for a clear, concise guide to all things 98, where you can find what you want quickly and efficiently, without having to search through long-winded manuals the size of big-city telephone books? Let your fingers do the walking through the facets and features of Windows 98 with Windows 98 For Dummies Quick Reference, the fast and friendly one-volume source to answer all your Windows 98 questions. Windows 98 For Dummies Quick Reference is packed with helpful advice and timesaving tips to make your Windows 98 learning curve smooth and gentle. All of the Windows 98 tools, components, commands, and tasks are presented in easy-to-find alphabetical order with clear, step-by-step directions. Whether you're new to Windows or are upgrading from a previous version of Microsoft's world-famous operating system for PCs, you can find everything you need to know packed between the covers of this slim, comprehensive book.
